

Free Waste Oil Pickup

The NCAPL has a formal arrangement with Safety-Kleen, enabling **free waste oil pickup to all of our members!**

Members who use Safety-Kleen are also supporting the NCAPL financially by donating any value received from the waste oil back to the association.

So, handle your waste oil correctly and support your logging association at the same time! It's simple to sign-up. Just fill out the agreement on the back and fax it to Tyler Smith or, scan and email it to oilpickup@ncloggers.com

Tyler will call your office to coordinate the first pickup and provide the information needed for all future pickups. Special arrangements are available to members who don't have a suitable waste oil tank and need one.
Just call or email Tyler Smith.

LOGGING SERVICES AND EXCHANGE, LLC

AGREEMENT

The undersigned agrees to allow Logging Services and Exchange, LLC (LSE) to contract with authorized waste oil recycling companies to remove waste oil from designated business locations. LSE is managed by the NC Association of Professional Loggers, Inc. and as such will use the proceeds from the sale of the waste oil to further the mission of the NCAPL. The undersigned authorizes the waste oil recycling companies to issue payment to LSE for gallons removed.

The undersigned can email their request for waste oil pickup to oilpickup@ncloggers.com or fax (888) 658-9604

Quantities over 100 gallons are preferred but smaller quantities can be handled by special request. Waste oil should be free of antifreeze and other contaminants. Please call when the tank is about 80% full.

Authorized by:

Business Name: _____

Print Name

Address: **(Location of Storage Tanks)**

Signature

This agreement in effective this date ____/____/____ until terminated by written notice by either party.

*** Fax agreement back to (888) 658-9604 or scan and email to oilpickup@ncloggers.com ***
